## "Surprisingly Instructive And A Wholehearted Welcome" Says Editor Sam Guard Of The Breeders Gazette

"More than that, it comes from the heart," Sam Guard, editor of the Breeders Gazette of Louisville, Ky., told Palm Beach county farmers following the dinner at the county barn last Friday. Tending visiting agricultural editors, following his complimentary remarks concerning the entire Florida tour, and especially the day spent in this county.

"Today should be a day of thanksgiving for the editors," O. R. Evans of the Family Herald and Weekly Star of Montreal, Canada, said in thanking the county for seeing "some of the most remarkable sights of our trip."

Mrs. Mary Waters and Mrs. Eric Hartline headed a group of South Bay ladies who prepared and served the All-Glades meal with Mr. and Mrs. Pelka preparing the meat. Herman Close and Allie Oke headed the food committee, with George Wedgworth in charge of properties—tables, chairs, silver and linen.

Vegetables were donated by the packingshouses of Belle Glade and South Bay. The Garden Club of Belle Glade, Chosen, Pahokee, and Clewiston and the Garden Study Club prepared the table decorations which brought compliments from local folks as well as from visitors.

The PB County Resources and Development Board the sponsoring organization, joined by Glades Chambers of Commerce arranged a tour which included a visit to the Newport plant, City of Pahokee, Belle Glade parkinghouse area, Experiment Station, and Duda farms.

During the luncheon, Turner Wallis, Executive Secretary of the Flood Control District, gave a brief outline of the operation of that undertaking.

Paul Thompson told the visitors "There is no place in the United States that can compete with the Glades in raising cattle, if we observe certain rules."

John Dulany said "We've only scratched the surface" in referring to the continent-wide

## Lake Harbor Negro, 12 Killed While Working

The body of 12-year-old Abraham Delouche, Lake Harbor negro, has been sent to Riall, S. C. for burial. The youth was killed Apr. 23 when he suffered a stab wound inflicted by another worker while working in a field near Moore Haven.

Taylor Funeral Home, in charge of local arrangements, listed the boy's father as Summers Delouche who was not living with the boy at Wilders Quarters at the time of the accident.

Information from the sheriff's office, Moore Haven, was not forthcoming on the action taken against the boy's slayer. A check of local authorities disclosed no other information available at press time.

distribution of Glades vegetable. "We have had," he said, "more than 2,000 long distance calls in one day; in 44-45 fewer than 500 cars of sweet corn were moved, but last year more than 15 times that many were shipped because of the development of insecticides and refrigeration."

County Agent M. U. Mounts told the visitors "We have all together 85,000 acres in vegetables—we ship 23 varieties in carload quantities. We owe our diversity to the research done by the Extension Service of the State of Florida."

President T. J. Anderson of the visiting organization AAEA and editor of Farm and Ranch of Nashville thanked the county for its very warm and cordial welcome.

## Drive-In Services Offered By Church

Dr. J. Leighton Scott, Minister of the Everglades Presbyterian Church of Belle Glade is aggressively after the backsliders and the weak in determination to attend Sunday night services.

"He is offering the public an opportunity to bring the kids and any other 'sleepers' along on the back seat to attend these drive-in services."

As a trial, three Sunday nights, May 6, 13 and 20th he will offer sermons from the Psalms.

A modern progressive sales effort such as this deserves the patronage of those who can't quite "get there" to the ordinary services Sunday night.

## BPW to Sponsor Cancer Crusade

The Business and Professional Women's Club voted to sponsor the Cancer Crusade in Belle Glade at the business dinner meeting Tuesday night at the Municipal Country Club.

Mrs. Gladys Williams volunteered to be chairman of the drive, and is mapping out plans for the campaign. Mrs. J. R. Gardner of the American Cancer Society in West Palm Beach showed a film on the house to house campaign and other facts about the cancer drive.

Principal decision of the group was not to hold the water improvement referendum May 8. City Manager Clarence Robinson said after the meeting that the straw vote would probably be held in June.

A citizen committee made up of James Ball, Jr., Ivan Van Horn, Francis Harris, Lee Puckett and George Royal had found several stumbling blocks to the city's brochure explaining the water improvements.

"There seems to be a difference of opinion from the public about the proposed rate schedule," Mayor Walter Ashley said.

When it was learned that the original proposal was not to have sewers in every section on

the city, there was disfavor among a few who voiced their opinion. Under terms reached Monday E. C. Hodge, representative of E. J. Yanleng Co., bonding firm, estimated that 95% of the city would have sewers.

A necessary factor of the revenue from the sewers and water plant is that it produce from one-half times the need of revenue to make a more saleable issue for the bonds.

When the citizen committee expressed their belief that the cost of the issue was too high, Hodge replied, "If the city is going to borrow two million dollars, someone is going to

cover the cost."

Speakers at the May Chamber of Commerce coffee hour at Bell's Restaurant Tuesday night were Henry Ray and Thurmond Knight. G. I. A. S. representatives on the county board of public instruction, Col. J. M. Furniture Co. sponsored the hour.

Earwood presented the county situation showing how the available funds were far exceeded by the need for more schools and additions to existing buildings.

Earwood said the only solution to this problem is a bond issue for the county to pay for the construction of \$10-14 million needed in the next five years.

He sketched the methods whereby funds are made available for capital outlay of building funds, and he stated that various problems have put the program behind the need.

During the 1930-1940 period, he explained, the country was in a depression and hence no building of schools was done. In the period 1940-1950 the country was engaged in a world war and recovery period. During the time since 1950 the county school population have nearly doubled to create a serious problem.

Previous state bond issues have tied up \$300 or \$400 made available through the minimum foundation program of allotting \$400 per teacher unit in a county. Only one-fourth of the money ever got to this county.

The total amount of that money, around \$100,000 is not sufficient to carry on any sizeable building program.

Two reasons said by Earwood for the tremendous growth since 1950 were increased migration to this county and the normal birth rate.

The problem has become so serious that classrooms may be on a double session basis next September. When the condemned part of the old elementary school comes down, Belle Glade will surely be on the double session system.

"A student in a classroom of more than 27 doesn't get a fair share of education," Earwood said. This was concurred by Frank Hobson, high school principal.

Next year's enrollment will be 11% higher than last year or about 3,000 more students in

CHAIRMAN OF THE COUNTY COMMISSION, Paul Rardin complimented the Resources Development Board "on its continual activity for the betterment of ALL of Palm Beach County, and today on this well-organized and cordial treatment of these visiting editors." Ralph Blank, Manager of the Board, Lamar Allen, Assistant and Co-chairman of the Editor's Tour with Luther Jones, General Chairman.

## Improvement Referendum Postponed While City Settles Rate Question

A special meeting among members of the city council, citizen committee, bonding agent, consulting engineer and city manager was held Monday.

Principal decision of the group was not to hold the water improvement referendum May 8. City Manager Clarence Robinson said after the meeting that the straw vote would probably be held in June.

## Sweet Corn Field Day Scheduled For May 10

The Everglades Experiment Station will hold a sweet corn Field Day on May 10, at 1:30 p. m. to show interested growers and seedmen progress being made and development of blight resistant sweet corn hybrid for the area.

Dr. Howard Burdine will give a brief discussion on the performance of different sweet corn hybrids under trial. Emil Wolf and Glen Smith will show progress being made in development of resistant hybrids. Over 1,000 commercial and experimental hybrids and inbred lines will be shown.

## Building Outpaces 1955 By \$52,000

Construction valuation for the first four months of this year amounted to \$52,817 over the first four months of last year, according to W. L. Cunningham, Sr., city inspector.

The valuation for 61 permits amounted to \$151,100, with fees collected amounting to \$314,350. In 1955 valuation for the first four months was \$391,110, as compared to \$443,927 for the same period, Cunningham said.

Four permits were issued for new homes valued at \$27,000 total. Two permits were issued for a new business building and an addition for Re-Mark Chemical Co. at 610-24 NW 9th St. and 908 NW Ave. G for a total of \$16,000.

A permit valuation of \$100,000 was issued for construction of St. John's First Baptist Church at 600 SW 8th St.

Phillip Mosher will quit Post May 14.

Phillip B. Mosher, assistant county juvenile counselor for the Glades area, has received word that his application for nothing in the United States Immigration Service has been approved for the May 21st session.

Mosher announced this week that his last day for the juvenile division of county court would be May 14. He was appointed Dec. 1, 1955.

Mosher said no definite decision for his replacement had been reached.

Mosher will attend school in El Paso, Texas. He has been living in Pahokee while serving as juvenile counselor.

## Rain Causes Drop In Bean Market

Rain hurt the quality of tendergreen beans Tuesday and prices dropped sharply; however, valentine beans remained good to high in price.

Picking of beans dropped Wednesday morning with only the better beans being picked because Tuesday's market left the poor quality beans unsold.

Harvest crews found little or no work Wednesday but by Thursday morning the employment service had located jobs for the local crews and crews coming into the Glades from the east coast according to Lee L. Smith, employment service manager.

Tendergreens were in heavy supply while other classes were light in supply according to Fred Tuttle, Market News Service manager. There was a good demand for fair to good quality beans with moderate to high prices. Poor quality to ordinary beans had no demand at low prices.

Pascal celery, corn, field peas, potatoes, and radishes were light in supply. Golden celery, peppers, squash, and eggplant were light in supply with escarole and endive being out on order only.

Supplies of Boston and iceberg lettuce and romaine were good. Demand for other items are as follows:

Commodity Demand Price

Pascal celery good mod.-lo Golden celery mod. mod. Field peas mod. mod.-lo Corn good mod. mod. endive light low escarole light low lettuce light low

Field peas mod. mod.-lo Potatoes fair mod. Peppers mod. mod.-lo Radishes mod. mod.-lo squash light low Eggplant light low Lettuce light low

Dr. Thomas J. Powers, Pastor, Ancient City Baptist Church, St. Augustine, Florida, will lead the Revival Services at the First Baptist Church in Pahokee, May 13-20th.

Services daily will sound the note of Evangelism and opportunity in Christian Service — an early morning service and the regular evening service.

Dr. Powers received his Th. D. at Southern Baptist Theological Seminary, and before coming to Florida was pastor at the First Baptist Church, Versailles, Ky. While pastor there and since coming to Florida he has been active in all phases of the convention work but especially with the youth groups.

Preparatory to the Revival the church in Pahokee is conducting a week of Vision and a week of Cottage Prayer Services.

CHURCHES OF CHRIST. SCIENTIST

Man's true selfhood as the perfect child of God — possessing God-given dominion over sin, discord, and failure — will be set forth at Christian Science Meetings Sunday.

Readings from the King James Version of the Bible and correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will comprise the Lesson-Sermon entitled "Adam and Fallen Man."

From the Bible will be read the passage from II Timothy (3:16, 17): "All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for

instruction in righteousness: That the man of God may be perfect, thoroughly furnished unto all good works."

Included in selections to be read from Science and Health is the following (304:14): "The perfect man — governed by God, his perfect principle — is sinless and eternal."

WMU Circles Hold Regular Meeting

The Ila Darden Circle of the WMU met at the home of Mrs. Clark Tuesday morning.

HOW CHRISTIAN SCIENCE HEALS

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Read Matthew 19:14-19.

Suffer little children, and forbid them not, to come unto me: for such is the kingdom of heaven. (Matthew 19:14)

We pay honor to the multitude of mothers, known only in God's great book of immortality, who have encouraged their children to turn to Christ for His salvation and blessing.

In the day in which Jesus walked the earth, He traveled about proclaiming God's saving grace. He sought little children and adults for His kingdom. Probably many mothers forbade their children to have any contact with this new prophet.

Blessed are mothers who seek the power themselves and then start young spirits along the glory road! With childlike eagerness, let us lead our young forward to the Master.

Among the thousands of mothers who have followed the Christian mothers. They offer to their Saviour the living sacrifice of their young, well instructed in the art of love and service.

OUR kind God, may all mothers realize that they train up their children to love and worship Thee. Help these mothers to consecrate themselves to Thee so that they may bring their dear ones to the feet of our Lord and Saviour, in His name we pray. Amen.

THOUGHT FOR THE DAY

The children of a virtuous woman rise up and call her blessed. (Hal James Bonney, Jr., Educator (Virginia)

Ford Trucks Cost Less!

Ford costs start low—Ford costs stay low...

Certified studies show Ford Trucks last longer than any of the other four leading makes

Compare Ford model for model with any other truck line and you'll find that, based on factory-suggested list prices, Ford has more models priced under competition.

But low initial cost is only one of the reasons why Ford costs less. Take operating costs—no other trucks give you the dependability of Ford's rugged chassis design with the gas and oil economy of a modern Short Stroke engine. Only Ford gives you a Short Stroke engine, V-8 or Six, in every truck—and at no extra cost.

Ford Trucks cost less to maintain because they last longer. There are plenty of reasons why. Ford Pickups, for example, have the highest combined front and rear axle capacity in the half-ton field. Ford Heavy Duty engines have sodium-cooled valves that last up to 100,000 miles longer because they run up to 225 degrees cooler.

When you take everything into consideration, you'll agree it costs less to own a FORD Truck. Before you buy any truck, see your Ford Dealer.

**IMPROVEMENT**(Continued from Page One)  
have to pay for it."

There was no immediate decision about supplying water and sewers to out-of-city areas. When plans were made to increase the issue to \$3,600,000 it was pointed out by engineer George Russell along with William Gribble of Russell and Axon the title added system page 2.

General Information on the Municipal Improvement Program Referendum May 8th, 1956

What will it cost?

**SEWER SYSTEM**

Sewage Treatment Plant \$ 400,000  
Sewer and Lift Stations 1,320,000  
Force Main to Discharge Point 120,000  
years. Approximately \$2,600,000\*\*

**WATER SYSTEM**

Storage and Distribution \$ 260,000  
Treatment and Supply Facilities for Water System 300,000  
Total Water System Improvements \$ 560,000\*

**GARBAGE AND TRASH DISPOSAL**

Incinerator \$ 120,000\*  
Total Cost of the Improvement Program \$2,600,000\*  
(a) Includes cost of Engineering, legal, financing and interest during construction.

How will it be financed?

Revenue Bonds or Certificates, amortized over 30 years. Approximately \$2,600,000\*\*

How will the Revenue Bonds or Certificates be paid? These certificates have to be paid off in 30 years. Approximately \$150,000 a year will pay off the amortization, interest on the proposed issue, plus the debt service existing on outstanding prior issues of Water Revenue Certificates.

\* Figures based on Engineers' estimate.

\*\*When actual construction bids are in, figures will be adjusted accordingly.

Q. How will this \$150,000 and costs of operation of the utilities (water, sewer and incinerator) be raised?

A. The city of Belle Glade will adopt a new rate ordinance effective in July, 1956 (proposed) which provides for a schedule of charges for water or sewer service or both. The city commission will decide these rates Monday in special session. The council must decide on the rate of increase whether to raise the minimum water bill and what rate out-of-city users will be charged. The rate is expected to go up 25% with residential garbage collection up 50c and commercial rates up proportionately. The sewer bill will be equal to the water bill. For example a person paying a water bill of \$5 now would pay \$11 if he had a sewer to which he could connect. Estimated total gross revenue for first year new rates are in effect \$400,000

Q. What is this vote?

A. An improvement bond election to determine if Belle Glade is to improve its sewerage, water, garbage and trash collection and disposal systems to keep pace with modern standards and the rapid growth of the community and to provide for the future needs of the City.

Q. When will the referendum be held?

A. The exact date of the referendum will be set at a special meeting Monday by the commission. The changes in the brochure made necessary the postponement of the May 8 voting in order that the public could be informed of the changes.

Q. Who is eligible to vote?

A. All qualified electors residing within the boundaries of the City.

Q. Who is a qualified elector?

A. A qualified elector is any person who is a duly registered voter of the City residing in the City. He will vote yes or no on the improvement plans and financing thereof. The financing of this program is through revenues only and does not involve any property taxes.

Q. Will there be absentee ballots?

A. Yes. You may obtain them from the City Clerk's office at the City Hall in Belle Glade.

Q. What is the amount of the bond issue?

A. Not more than \$2,600,000 of utility revenue bonds will be issued. These bonds are payable from the net revenue income to be derived from the operation of the water, sewer, garbage and trash collection and disposal and are not a pledge of the credit and taxing power of the City.

Q. Have we assurances that engineering plans and estimates for the project are sound?

A. Yes. David B. Lee, Director of the Sanitary Engineering Bureau of the Florida State Board of Health, has termed the plans and report prepared by Russell & Axon, the City's Consulting Engineers, "Very good." Based on present population growth, the plans will provide adequate services for the foreseeable future.

Q. What provision will be made for future expansion of sewers?

A. The Bonds will have an open end lien so that when the earnings cover the Debt Service and Operational Expense sufficiently, additional parity bonds can be issued or the future expansion of sewers throughout the entire City can be made from earnings.

Q. Who pays for the connection between sewer and home?

A. The property owner will have to make his own arrangements with licensed plumbers for this service and pay for it himself.

Q. What will it cost residents not within the area where the sewers are to be installed at the present time?

A. The council appeared to agree that no charge would be made if the sewer was not available to the property owner. The owner will pay for the availability of the sewer, not its use.

Norma Nell Starling celebrated her 17th birthday last Thursday evening, when her mother, Mrs. N. N. Starling entertained at a party in the Shelter at the Municipal Park. The group of teenagers enjoyed dancing, birthday cake, ice cream and cold drinks were served. Mrs. Starling was assisted in serving by Mrs. S. B. Cowart.

Guests were Kay Young, B. D. Braddock, Shirley Rhymes, Jimmy and Billy Cowart, Wayne Mock, Cline Faulk, J. C. Womack, Carol Goforth, Linda Connell, Joan and Jean Johns, Carolyn Miller, John Paul Jones, Broman Crompton, Connie Pursley, Lola Ann Binkley, Alma Ann McClure, Jeanie Crews, Louis Friedheim, Carol, Van Landingham, Willard Garrett, Bertha Haulcomb, Sue Van Landingham, Johnny Thorne, Kenny Norris, Louise Stroble, Charles Royal, Lennette Driggers, Joyce Cobb, Dan Jones and Judy Shackelford of Pahokee.

Mrs. Yardborough Feted At Shower

A pink and blue theme was carried out in the stork shower complimenting Mrs. James Yardborough last Monday night at the Woman's Club building.

The hostess, Mrs. Beanie Smith, Mrs. J. W. Oliver, Mrs. Elsie Blackwell, Mrs. Marie Smith and Mrs. Dovee Smith presented the guest of honor with a corsage of pink carnations.

The shower theme was carried out with a flower sprinkler holding streamers of pink and blue crepe paper over the serving table, where the cake attractively decorated with baby shoes, a stork and question marks, was centered. Gifts were displayed around a stork holding a baby.

Entertainment included show-er games. There were 27 attending.

## BGHS Band Goes To State Contest

The Belle Glade High School Band has succeeded in raising the necessary funds to send them to the state band contest. The returns from the recent spring concert were \$365.00 and from the light bulb sales, \$315.00.

The band members are grateful to the band parents and the citizens of our community who helped them in any way. The contest is in St. Petersburg, and they are staying at the Bainbridge Hotel. They have chartered a forty-two passenger Trailways bus and several parents are taking cars. They left at 1:00 p. m. Thursday and will return Saturday afternoon. Their required overture is "Cathedral Canyon," by Eric Hansen, of class CC bands. Their selected numbers are "Tilus Overture," class B, by W. A. Mozart, and "Commanding Officer," a march by Carl Franklizer.

The local band's concert performance is at 9:30 a. m. Friday, and their field performance is at 7:30 p. m. Mrs. Hubert Tilley and Mrs. H. V. Draa chaperoned the students on the bus and among other chaperones who took cars were Mrs. Erel Mixson and Mrs. Vernie Boots.

## Rites Held Tuesday For Infant Crawford

Graveside services for J. B. Crawford, infant son of Mr. and Mrs. James Crawford of Chosen were held Tuesday morning at Port Mayaca Cemetery. The Rev. U. W. Malcolm, pastor of the First Baptist Church officiated. The infant who died Sunday morning at St. Mary's Hospital, West Palm Beach, was ill only a short time.

Survivors include besides the parents, a brother, Jimmy Donald and three sisters, Janice, Janette and Sandra Kate. Wetherington Funeral Home was in charge of arrangements.

## Hospital Auxiliary Meeting On May 8

The Belle Glade Memorial Hospital Auxiliary will meet for a regular work session in the nurses' lounge of the hospital Tuesday, May 8. A business meeting will follow.

## Firemen Cope With Two Minor Fires This Week

Two fires tended by the Belle Glade Fire Department this week caused minor damage and both were practically extinguished before firemen arrived.

The first blaze occurred Sunday at 435 SW Ave. D in a one-story frame building owned by Caroline Thurston and occupied by Peter Sherman. Damage was estimated at \$15 when a kerosene stove exploded.

The second fire Monday morning at 308 SW 8th St. was also blamed on an exploding kerosene stove. The resident and owner, Gusie Mae Freeman told firemen that while heating water on the stove a nearby draft caused the supply bottle to ignite. Damage was set at \$10 only.

## National Guard News

"The better trained a soldier, the better are his chances of survival." This statement was made today by Lt. James F. Aunapu, in charge of training for Company "E" 211th Infantry of the Florida National Guard, who urged young men of Belle Glade, Clewiston and Pahokee to enlist in the National Guard and take part in the six months basic training with the active Army. The training, which can be taken at a nearby Army training center, is available to young men under provisions of the Reserve Forces Act of 1965. Lt. Aunapu said, "while we all hope for a lasting peace, we must keep up our guard and train our young citizen-soldiers to assure a strong reserve for our active Army. We must train them well to assure that every man who ends up in combat knows how to take care of himself. This being so, the most training a young man can get, the better are his chances on the battlefield."

The six months of basic training now being given National Guardsmen by the Army is the most concentrated training ever offered young citizen-soldiers, and a smart young man will take advantage of this program. Lt. Aunapu said, "A young man under 18½ years of age who enlist in the

National Guard is not required to take the six months training with the active Army. He will be deferred from induction into active military service so long as he serves satisfactorily in the National Guard. However, he may volunteer for the six months training. Those who take the six

months training reduce their military obligation from "until age 28 to a total of eight years. Information on National Guard enlistment and six months of training with the active Army may be had by calling at the army 123 S. E. Avenue D or by phoning WYman 6-2355.

### Christian Home Week May 6-13

The First Baptist Church of Belle Glade will observe Christian Home Week May 6-13. Special recognition will be given to family groups attending the services and mothers will be honored on Mother's Day.

May 8th will be parent-pupil night. The Beginner, Primary and Junior Departments will feature special programs for the parents of the pupils in these departments. Junior parents will be invited to especially see to family groups attending the service. Beginner and Primary parents will view the handwork. The program will also include a movie on the Christian home. Refreshments will be served.

A special offering for the Florida Baptist Children's Home in Lakeland will be taken at the close of Christian Home Week.

The church welcomed five new members at the morning service Sunday morning. Mrs. Arthur Wells, Jr. came by letter and Carolyn Thompson, Don Hayes, Huey Jones, and Dewey Jones came by profession of faith and baptism.

The church nursery has been newly painted. Our thanks to Mr. Lester Rhudy who did all the painting and donated his services for the inside work. The church is very grateful to him.

Bible Quiz Is Held  
By Lutheran Ladies

Members of the Ladies Aid of St. Peter's Lutheran Church held a Bible Quiz with Erwin S. Baumgartner, pastor, answering questions asked by members, Tuesday night at the home of Mrs. Harold Riedel.

Mrs. Louis Kirchman, president, presided over the business session, committee of Mrs. Dallas Nehls, Mrs. Victor Greene and Mrs. Albert Kruse were appointed to check into altar cloth and choir robes for the church. Another committee composed of Mrs. Riedel, Mrs. Eula Stone and Mrs. Albert Kruse were named to check hymnals and get needed materials for repairing some at a work shop to be held at the next meeting on May 29.

The Aid wishes to thank the public for making the recent dinner at the Edelweiss a success. Others present were Mrs. Paul Kirchman, Mrs. Jessie Allhands and Mrs. Clara Krumsig, a visitor.

Refreshments were served by Bob Fleish, Jr. and Mrs. Bob Fleish, Jr.

### Lutheran Church To Show Religious Film

Announcement is made by Erwin S. Baumgartner, pastor, of St. Peter's Lutheran Church, that a film "The Unfinished Task" will be shown at the church at 7:30 p.m. Wednesday, May 3. The film a religious one is in the line of mission work. Everyone is invited to attend. A free will offering will be taken to pay for the use of the film.

### Presbyterian Women Study Book Of David

Circle No. 3 of the Everglades Presbyterian Church met at the home of Mrs. Robert Roadman Tuesday morning.

Mrs. Irvin Zumpf gave the devotional on "Ideal Mission". Mrs. Clara Gledhill assisted by Mrs. Spence Whitlock and Mrs. M. E. Ludlow gave the Bible Study on "David As A Son". The talk about was "Birthright Objective" by Mrs. Dick Murray.

Announcement was made that each circle had sent baskets to the Hannah Knight who has been a patient at Good Samaritan Hospital and has now been transferred to Indian River Hospital in Vero Beach.

Others present were Mrs. Ruth Barron, Mrs. E. J. Barron, Mrs. John Randolph, Mrs. Edward Allen.

### Episcopal Guild Installs Officers

Father John Clarence Petrie, vicar, installed the newly elected officers of St. Elizabeth's Guild last Sunday in St. John the Apostle Church.

Installed as president was Mrs. G. R. Townsend; vice president, Mrs. Thomas Chappell; recording secretary, Mrs. Harold Zumpf; corresponding secretary, Mrs. Luke Arnold; treasurer, Mrs. T. W. Hahn; Altar committee chairman, Mrs. B. E. Weeks.

The vicar paid a glowing tribute to the out going officers, all of whom under the presidency of Mrs. Thomas Bregger had done an outstanding job.

Methodist Church Homecoming Sunday

Homecoming Day will be celebrated at the Community Methodist Church Sunday, May 6. It will be a day of fellowship and renewing old acquaintances for 682. His chickens

are running loose in violation of the law, and this section dearly loves galli domestic (fried, that is).

Rev. J. O. Jameson, pastor here for 13 years will bring the message at the morning service. At that time he will also baptize one of his grandchildren.

Mrs. Jameson will also be present and Rev. and Mrs. E. L. Holladay of Frostproof will attend.

Following the service there will be a basket dinner at Jameson Hall. Everyone is invited to attend and bring a basket lunch.

On The . . .

### STREET CORNER

Case of the stolen cats was dismissed for lack of evidence or lack of cats or something. The plaintiff in that case should check the city's code of ordinances for 682. His chickens

are running loose in violation of the law, and this section dearly loves galli domestic (fried, that is).

For every man who lives to be 65 there are seven women—but by that time, it's too late.

Thanks to the property owner on W. Lake Rd. who is having that ugly eyecore leveled down after the unsightly grass and rocks frightened tourists.

This department wonders how much the police know about an organized dope ring operating in the negro section. Some teenagers in town know the contact person. Hurry before we write a sequel to "Man With the Golden Arm."

The best thing parents can spend on their children is time—not money.

Congratulations to the Elks club which tied for first place in the center again this year. One other club fumbled the ball

when they dropped the opportunity to sponsor a teen summer affair at least 30 days ago.

The last straw: Folks ought

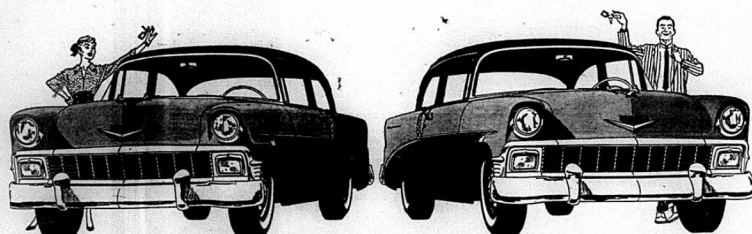

to see the cast on Bobby Newman, local gendarme, or at least it looks like a cast. Brer Newman asks that persons please note inscription thereon.

share of gasoline taxes and Rardin said the money will be used to finance a number of road and bridge projects which include the rebuilding of Royal Park bridge in West Palm Beach.

Rardin also said on Apr. 27 that the county has under consideration a plan to connect Duda farm road with an extension of Ave. L (Airport Road). Two miles of Ave. L is in the process of being built now. The

connection of these two roads would alleviate the bottle-neck of farm trucks traveling across the Main St. bridge here. In other action at the county commission Monday the board adopted a resolution to the

State Road Department certifying right of way for the Muck City road. PHONE WY 6-3506 for free transportation to the Polls on Election Day, May 8th.

**Various Turnpike Bids Accepted For Services**

Apparent low bidder here today for the lighting of inter-

change and service areas on the Sunshine State Parkway was John C. Morris & Co., of Jersey City, N. J., according to Sam P. Turnbull, Chief Engineer for the

Florida State Turnpike Authority.

Morris bid \$323,232.77 for steel lighting posts and \$341,959.13 for aluminum posts.

Several firms entered bids.

Taller Cooper, Inc., of Brooklyn, N. Y., was the only bidder for supplying toll collection audit and accounting equipment for the turnpike toll plazas. Its bid was \$389,302.

The Turnpike Authority also received bids for roadway signs and delineators in a half dozen classifications. The bids will be tabulated and then considered by the Turnpike Authority.

With receipts of these bids, only toll plaza and service area buildings and a communications system remain to be placed under contract to complete all phases of work on the Miami to Fort Pierce turnpike.

**Horner In Group  
Two School Race**

Robert R. Jack's Horner, candidate for county school board from district two, subject to the May primary, is a 31-year-old resident of Palm Beach with business in West Palm Beach since 1950.

A graduate of the United States Military Academy in 1945, Air Force pilot, and member of the Palm Beach County Resources Development Board, Horner said, "As a business man, father of two children and as the result of my civic activities in the community, I am fully aware of the tremendous responsibility involved in this office and will devote my best efforts toward helping to solve the many problems facing the school board."

"I believe this is the most important policy setting group in county government," he went on, "and if I am elected a member, I shall give the office all the study and attention within my power."

Horner has been active in civic organizations and has been cited for his many civic deeds. He was named Jaycee of the year in 1954 after receiving the 1953 Jaycee award for "distinguished, unselfish and outstanding" civic service.

**Open House Programs  
Featured In County  
Armed Forces Week**

"Open House" plans for Armed Forces Week in the Palm Beach area are being rushed to completion.

The National Guard announced that the Army "Open House" will be held at the National Guard Armory, from 8-10 p. m. on Tuesday night, May 15.

The Navy and Marine "Open House" will be held at the Riviera Beach Training Center on Sunday, May 20 from 1 p. m. to 5 p. m.

At Palm Beach Air Force Base, every effort is being made to make the Air Force 1956 "Open House" the biggest ever held there. A large variety of Air Force aircraft has been requested for static display and information as to which of these aircraft will be available to visit PBAFB is expected any day.

Refreshment stands at PBAFB will be arranged by a representative of the Chamber of Commerce Military Affairs Committee and the PBAFB Non-Commissioned Officers Wives Club. The Air Force "Open House" to be held from 10 a. m. to 3 p. m., will also feature a number of displays depicting the missions of the various units at PBAFB.

Arrangements are being made for automobiles to park in the dog track parking area across Belvedere Road from the PBAFB entrance. Shuttle buses will operate continuously between the display area.

**Robinson Returns From  
City Managers' Short  
Course In Panama City**

City Manager Clarence Robinson returned late Sunday after attending the City Managers' Short Course conducted by the state universities at Panama City, April 22-25.

Robinson said 57 managers from Florida cities were present at the four-day session where discussions of highways, personnel, public relations and other problems were discussed. Eight professors from Florida State University and two from the University of Florida conducted the extension course. A model city commission meeting was staged during the session. This exhibit served to demonstrate the city manager's position before a council.

Governor Leroy Collins was special guest at one day's ses-

sion.

Robinson said he discussed various civic problems with the other managers comparing this cities administrative procedure with others.

A discussion was also held about the integration of police and firemen, i.e., policemen working as firemen.

Robinson was on the job early Monday and dived into a round of business matters including the afternoon meeting with the council and fiscal agent on the improvement referendum.

**Dorothy Smith In  
6th District Race**

Dorothy Smith, Fort Lauderdale attorney, and president of the Florida Federation of Republican Women, is the only Republican candidate for United States Representative from this district who is an attorney, according to an announcement made this week.

Mrs. Smith has lived in Florida for a total of twenty-five years and has been a resident of Broward County for five years. She received her LL.B.

degree from Southern Methodist University.

In addition to being president of the Florida Federation of Republican Women she is president of the Women's Republican Club of Broward County and is a member of the Board of Directors of the National Federation of Republican Women.

She is a charter member of the Broward County League of Women Voters, a member of the Zonta Club, the American Bar Association, The Texas Bar, The Florida Bar and the Broward County Bar Association. She is married and has no children. She is a member of the Episcopal Church.

Mrs. Smith says: "I am seeking the Republican nomination as United States Representative wholly on my record in the state and in Broward county, and am pledged to support the Eisenhower Administration with due regard to the individual problems of this area."

"It is my firm conviction that my record proves that I am qualified by education and experience to serve as United States Representative and that I have the required leadership ability to represent the people of this district far-sightedly and progressively and to give the Republican administration the support it needs in Washington."

**Sure starts a lot of Torque —**

Buick Super 6-Doorer 2-Door Riviera, Model 548

**even before you Switch the Pitch**

Torque is for take-off—and there's plenty of it here.

You just apply a puny bit of pressure on the pedal—and you're off and away. Never has such quick acceleration been so smooth.

It's the newest step-up in Variable Pitch Dynaflow®—and it gives a double-barreled thrill.

First, it delivers a record amount of torque to turn those rear wheels—even before you switch the pitch. You splurge on pickup while saving on gas.

The second is for real zoom service. Just put your foot down—and there you have it. You switch the pitch and Dynaflow serves up a dazzling burst of extra power to cut seconds off your passing—and add new safety to it.

But there's a lot more than torque to talk about.

There's Buick styling. Its flair and sweep alone have started many a conversation. On lines that are daring, but not reckless. On colors and interiors that are gay and stunning, but never garish.

And there's the Buick ride. Unlike any other. Softer, yet steadier. Cradling you in rubber-bubble comfort—leveling with you on every twist and turn.

A whole group of unseen marvels screen you from the harsh realities of the road. Including a new front-end geometry—new deep-oil-cushioned shock absorbers—new deep-coil springs on all four wheels. And

there are new stabilizers and a new torque tube, to snub out any swing or sway.

In short, there's so much excitement from stem to stern—in any Buick you can buy—that Buick owners have a whale of a lot to talk about.

So why not take a Buick out on the road yourself, so you'll know what all the talk's about? Don't say you can't afford it until you hear us talk price. We're ready whenever you are.

\*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

taxes—local, state and federal. It's just another way of saying that the overall tax load is eating the average citizen 33 cents out of every dollar he earns. It means he is working more than four months out of the year to support the various functions of government.

So Monday is National Tax Freedom Holiday, first thought up in 1947 by Dallas L. Hostetler, executive director of the Florida State Retailers Association. That year the holiday was observed on April 27. By 1953 it had advanced to May 19. The date in 1954 was May 17 and in 1955 on May 10.

Interest in National Tax Freedom Holiday grows annually. One year it was given special recognition in Congress, by concurrent House-Senate Resolution. In 1943 the idea won the Freedoms Foundation "George Washington Honor M. E. d. s." Award. It has also inspired civic celebrations, including parades in St. Paul, Minn., and that its Association's major objectives are to encourage good government at least cost, and fighting waste and extravagance in governmental operation.

The Florida State Retailers Association is strongly supporting the Hoover Commission recommendations which would save taxpayers in excess of five billion dollars annually.

**General Ginder Is Armed Forces Week Speaker In W. P. D.**

The principal guest speaker for a joint luncheon to honor Armed Forces week will be Major General Philip DeWitt Ginder, Department of the Army, Washington, D. C. Joint luncheon will be held at the Hotel George Washington on Wednesday, 16 May 1956.

General Ginder was recently assigned as Special Assistant to the Army Chief of Staff for Reserve Components. In his new duties he exercises staff supervision for the Army over implementation of the Reserve Forces Act 1955 which effects the military obligation of all young men of the country. He came to his present position from Chicago where he has been serving as Commanding General, Fifth Army.

He brings to his new position extensive experience in combat command and training of troops. He served in Korea as Assistant Division Commander and later as Commander of the 45th Infantry Division (Thunderbird). He also saw extensive service in World War II.

Europe. Among the many decorations that General Ginder has been awarded are the Distinguished Service Cross, Silver Star, Legion of Merit with two oak leaf clusters and the Purple Heart.

General Ginder is a graduate of West Point, Class of 1927, and has seen continuous service with the Army since that date. As of this date the subject of the General's speech is not known but it is anticipated that he will speak on the Reserve Forces Act of 1955.

The Record  
Tells The Story!

The record shows that Governor LeRoy Collins has been one of the most outstanding and sincerely human Governors in Florida's history.

"One of Most Effective U. S. Governors"

Since he has been in office he has been the symbol of good government. In less than 16 months, he has established a standard of leadership that caused one of the nation's great magazines to call him "One of the most interesting and effective Governors in the U. S. today."

What he has done for Florida as a State is nationally known. But the record further proves, Governor LeRoy COLLINS has not only kept Florida climbing as a State but has also helped solve the problems of cities, counties, and the smallest communities. Here's the record for Palm Beach County — and the records of other counties will be found in the newspapers of each.

Unsolved Crimes in Palm Beach County  
Show Need For Better Law Enforcement

Lack of good law enforcement in Palm Beach County is plainly shown in a series of recent crimes which remain unsolved. These cases include disappearance of a well-known judge and his wife, a number of murders, frequent displays of gambling and moonshine operations, and a growing toll of highway deaths.

An efficient sheriff's department, well-trained personnel and modern methods of crime detection and investigation can reduce this crime wave.

It's Past Time For A Change!

Elect HUGH BROWN Sheriff

Hugh Brown pledges a complete reorganization of the Sheriff's Department — a full-time road patrol to protect school zones and cut down traffic accidents — a vigorous effort to wipe out gambling and untaxed whiskey traffic — stepped-up law enforcement in suburban areas — a law enforcement school for all peace officers.

### CAP Cadets Tour Palm Beach AFB

The local Civil Air Patrol Cadet Squadron took a tour of Palm Beach Air Force Base Sunday, April 29th. Upon arrival at the base, they were met by Captain T. J. Lunn, who guided them around the base on an Air Force bus.

First stop was made at a C-124 cargo plane. Lt. G. C. Louny took the cadets through every compartment of the plane, explaining its set-up and answering questions they heard.

Next the group saw the engine test stands where the mechanics work on and test the engines before they are mounted on the planes.

The girls were taken through the WAF barracks by A/3 Anne Heasler and were very much impressed with them.

They were individual rooms which the WAF's could decorate in any fashion.

Captain Lunn showed the cadets through an SA-16 on which he is a pilot. This plane is used primarily for search and rescue and has six or seven in the crew. He also demonstrated the parachutes and the Mae West life preservers.

Next they visited the base operations office where Captain H. Niendorf, Jr. explained their job. He showed them the flight clearance form and aircraft flight plan which the pilots must file before every flight. Also explained was the procedure to follow when a pilot is reported overdue at his destination.

Captain N. C. Cox guided the cadets around the weather room, where they saw all the different weather circuits and weather reports coming in from other bases in the country.

It was an interesting trip and the cadets thoroughly enjoyed it. Mrs. Paul Higbee went as chaperone. Cadets going were: 1st Lt. Joe Ricki, 2nd Lt. Leo James, M/Sgt. Jennie Willis, Sgt. Jerry Edwards, Sgt. Frances Sloan, Cpl. Donald Tanner, Cpl. Jean Rivers, Pvt. Edna McGee, Recruit Barbara Ann McClure, Recruit Jim Wooten, Pvt. Craig Smith, Pvt. Leonard Higbee, Pvt. James Ricki, and Pvt. John Lee.

### Lackland AFB Trip

M/Sgt. Dorothy Irvin and Sgt. Jerry Edwards were among the cadets who went to Lackland AFB, the week end of April 29th.

They, along with cadets from Lantana, Ft. Lauderdale, West Palm Beach, Stuart-Pt. Pierce, and Hollywood, had about a 5 1/2 hours ride on a C-97 from West Palm Beach to Lackland.

Upon arrival at Kelley Field, (part of Lackland) the group was met by WAF's and airmen who were in charge of them for the week end. The girls stayed in the regular WAF barracks and the boys stayed with the Airmen Basic.

Saturday the group visited Randolph Field about 25 miles away and formerly known as "The West Point of the Air," a training center for pilots.

While there they saw a military review in which there were thirteen male squadrons and one WAF squadron. Also seen was the AF Drum and Bugle Corps from Bowling AFB, Washington, D. C.

Later they visited the Alamo at San Antonio and saw the Shrine of Texas Liberty. Back at Lackland the group saw the AF exhibit, which shows every job of AF personnel. This exhibit was made by AF bases all over the country and some of the exhibits are valued at thousands of dollars.

The group then visited the base PX where they bought souvenirs of their trip. Saturday night a dance was held at Arnold Hall in honor of the cadets.

After attending the church of their choice Sunday morning, the cadets packed and left Kelley Field about 2:00 P. M.

### School Board Post Sought By Robson

Jack W. Robson is seeking the position on county school board vacated by George Slaton, who is retiring.

Robson is a native of Sanford, Fla., and came to Lake Worth in 1930. While there he was active in the church programs and with a group of young people organized a softball league.

In 1953 he moved to West Palm Beach where his children are attending school. He has been active in school programs, PTA, and he has held many offices of various school works.

He stated that he feels that the people in the Glades are in line for quite an advancement and therefore the schools will be up to the standards.

Robson makes this promise to the people in the Glades area if they will support him in this election, which is a county-wide vote, he will support them on the school board and make a tour of all the schools in the county in order to be personally familiar with their problems.

Robson is a general contractor and is at present chairman of the city zoning board of appeals in West Palm Beach.

"Helping with all sorts of school problems has been a byline for me," Robson said. "I now want to make it my business."

### F.E.C. Has \$550,000 Damage Suit Pending

The Florida East Coast Railway and its trustee, John W. Martin were sued for \$550,000 in a circuit court action Friday. The filed suit asked compensatory and punitive damages in that amount for the wreck Dec. 12, 1955.

Michael B. Pavelchek, Lorain, Ohio, brought the suit after his wife, Casmiar, was killed and his three children injured when their car was hit by a backing sugar cane freight during a driving rain on the FEC crossing on SR 715.

Dates for the hearing were not known at press time. The FEC is already bankrupt. Communication with Martin was not made.

### Juniors Will Present Program At GC Meet

The Belle Glade Garden Club will hold its regular meeting at 3:00 p. m. at the Municipal Clubhouse on Thursday, May 10. The program will be presented by the Junior Garden Club under, chairman, Mrs. Lonnie Warren. The contest will be arrangements in small May baskets and specimen will be pansies.

### WAVE Recruiter Will Visit Here, W. P. B.

Chief J. A. Tullman, local Navy recruiter, announced today that the WAVE recruiter

from Jacksonville for the state of Florida will be at the Navy recruiting sub station, Room 207, Post Office building, West Palm Beach on May 8-9.

The recruiter, Miss Janet Barnes, aviation storekeeper

third class, will be at Belle Glade High School from 9:30 to 2 p. m.

Any young lady interested in a Navy career will have an opportunity to talk it over with Miss Barnes either at the high school or at the local draft board, Belle Glade, May 9 from 9:30 to 2 p. m.

Chief Tullman will also be there to interview the young men about the guaranteed high school graduate program.
